

**INTEGRATED LOGISTICS
FACILITIES AND SERVICES**

CIKARANG DRY PORT

Simple and Secure

Cikarang Dry Port is strategically located in Jababeka Industrial Estate, which lies in the heart of the biggest manufacturing zone of west Java, as well as the country, home to a dozen Industrial Estates with more than 2,500 industrial companies, both multinationals and small and medium enterprises (SME). Approximately 200 hectares are allocated for the Dry port which is easily accessible by highway and railway system.

Cikarang Dry Port offers a one stop service for cargo handling and a logistics solution for international export and import, as well as domestic distribution. It provides integrated port and logistics services with dozens of logistics and supply chain players, such as exporters, importers, carriers, terminal operators, container freight station, bonded warehouse, transportation, third party logistics (3PL), empty container depot, as well as banks and other supporting facilities.

Being the extension gate of Tanjung Priok International Port, document formalities for port clearance and customs clearance will be completed in the Cikarang Dry Port. It is like bringing port to the industrial manufacturing region, that serves both as a Port of Origin and as a Port of Destination.

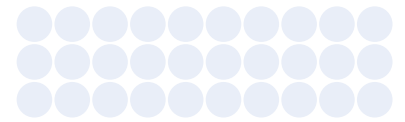

Cikarang Dry Port is part of several programs by the government of Indonesia, among which: Customs Advance Trade System and Indonesian Blue Print Logistics, which are intended to streamline and increase country competitiveness in term of supply chain and distribution of goods. The SAFE Framework of the World Customs Organisation and other International standard compliances shall be applied to enhance international trade and return value to supply chain player both in Indonesia and overseas.

Cikarang Dry Port is the suitable place for your supply chain activities – bringing all parties in one place for better coordination and increased productivity.
